UMESHU

UMESHU

Že od davnih časov pa vse do danes je UMESHU slivov liker prisoten v japonskih domovih, kajti znan in cenjen je po svojih sproščujočih in zdravilnih učinkih. Zaradi blage arome in ravnopravnega razmerja med kislim in sladkim velja ta liker za enega najboljših na svetu.

From olden times on to the present day, UMESHU plum liqueur has been a familiar beverage in Japanese households well known and loved for its relaxing effect as well as its usefulness for keeping healthy. Because of the faint aroma, well-balanced acidity and sweetness, it is said to be one of the most delicious liquors in the world.
